Headline CPI	4.3%

MARKET REPORT

Business and government's bold plan to bolster SA's growth

SA's green shoots include six quarters of positive growth, two ratings upgrades by S&P and Fitch, a 13% recovery in the value of the rand in 2025 – the best in 16 years – and an inflation rate of 3.2%, the lowest in two decades, says Discovery CEO and BLSA chair Adrian Gore, seen in this file photo with President Cyril Ramaphosa.

[READ MORE](#)

HEADLINE CPI: The CPI calculates the cost to purchase a fixed basket of goods as a way of determining how much inflation is occurring in the broad economy. The CPI uses a base year and indexes current year prices based on the base year's values.

CORE CPI: The headline figure is not adjusted for seasonality or for the often volatile elements of food and energy prices, which are removed in the Core CPI.
